WORK EXPERIENCE

Cashier

Chick-fil-A

📅 2022 - 2023

📍 Atlanta, GA

- Improved checkout efficiency by incorporating Square POS software, resulting in **a time-saving equivalent of processing an extra 14 orders**
- Spearheaded a drive-thru optimization initiative, reducing wait times by 2 minutes and enhancing the overall customer experience
- Promoted digital gift cards, contributing to a 22% increase in gift card sales, generating an additional \$228 in revenue
- Implemented a weekly cash handling audit process using CashTracker, leading to a \$114 reduction in cash handling discrepancies

PROJECTS

CodeConfluence

Attendee

📅 2022

- Engaged in a Python-driven AI project, earning accolades from industry experts and demonstrating problem-solving skills that resulted in a groundbreaking solution
- Demonstrated Java proficiency in a group software development project, achieving a successful prototype with advanced features and functionalities that surpassed initial expectations
- Participated in a C++ coding competition, **earning recognition for innovative problem-solving** and contributing to a creative project with enhanced features and functionalities
- Applied PostgreSQL expertise in a group project, creating a secure and efficient data storage system that improved data access speed by 34%

DataDynasty

Event Volunteer

📅 2020

- Involved in networking sessions, fostering connections that resulted in the organization securing **\$11K in sponsorship for future workshops**
- Contributed to the successful execution of the workshop series, increasing participant satisfaction, as measured by post-event surveys
- Developed Python and PyTorch scripts for automated data cleaning, reducing manual effort by an average of 14 hours per participant
- Introduced Quicksort algorithms in the workshop, sparking a friendly coding competition that produced 17 unique algorithm solutions

CAREER OBJECTIVE

Motivated computer science graduate seeking to apply skills in programming, problem-solving, and software development at Intuit. My academic training, paired with a passion for creating customer-oriented solutions, will enable me to contribute to Intuit's goals of providing superior financial management and compliance products.

EDUCATION

Bachelor of Science

Computer Science
