WORK EXPERIENCE

TradeSource

Construction Laborer

Denver, CO | 2019 - current

- Assisted construction and demo crews with running wheelbarrows, racking, and performing other physical duties.
- Aided tradespeople by lifting and carrying equipment across worksites up to 150,000+ sq. ft.
- Maintained proper form, ensuring safety when lifting heavy construction materials, and reducing the risk of back injury on-site by 95%.
- Cleaned work areas, fostering a safe and efficient work environment for construction teams of 50+ workers.
- Performed manhole and other below ground adjustments as needed.

Structural

Concrete Laborer

Denver, CO | 2017 - 2019

- Loaded and unloaded 15+ truck loads per day, and hauled materials across sites.
- Reduced wait times and other inefficiencies by 30% by determining unique site requirements and impediments for material distribution and problem solving before deliveries arrived.
- Followed all safety procedures, reporting any site incidents to the site monitor, and reducing the risk of repeat incidents by 50%.
- Communicated effectively with 35+ workers to promote team environment and cohesive workflow.

Tonar Construction

Construction Laborer

Denver, CO | 2014 - 2017

- Routinely lifted, held, and transported construction materials over 60+ pounds in poor weather conditions, utilizing job training to maintain safety.
- Proactively cleaned work areas when not tasked with a specific duty, reducing downtime by 30% and creating a safe environment for co-workers.
- Assisted crews in the assembly and disassembly of rented materials at the onset and conclusion of work projects, hastening the process and resulting in 0 instances of late equipment returns.
- Operated 10+ types of equipment and hand tools safely and accurately.
