### CAREER OBJECTIVE

Accomplished construction worker with 10+ years of experience. Looking for a role as a construction worker with an established track record on large-scale projects like Construction One San Diego.

### WORK EXPERIENCE

#### Construction Worker

Cross Bridge Foundation

2014 - current / San Diego, CA

- Maintained safe, organized and productive work sites of sizes up to 100,000 sq. ft.
- Adhered to safety rules and regulations, and created checklists to guarantee safe machinery use, reducing site injuries by 15%.
- Inspected 2+ job sites per week, estimating project length, cost, and equipment needs.
- Operated 15+ types of machinery and correctly read 1,000+ prints and instrumentation diagrams.
- Collaborated with 25+ construction workers and staff on-site to ensure coordinated, organized, and efficient work.

#### Construction Worker

Disperse

2012 - 2014 / San Diego, CA

- Established checklist for fellow construction workers for following safety rules and regulations unique to different sites, reducing the risk of site-related injuries by 10%.
- Assisted framers, carpenters, electricians, welders, roofers and other trade workers by maintaining clear workspaces and carrying materials, increasing efficiency on-site by 20%.
- Submitted 100% of timesheets on time and accurately.
- Maintained physical fitness outside of work, resulting in 0 instances of injury as a heavy duty laborer.

#### Construction Laborer

Sano Enterprise

2010 - 2012 / San Diego, CA

- Inspected all worksites before construction began to ensure all potentially hazardous substances and items were removed, decreasing the risk associated with these materials to 0.
- Prepared concrete, cement, and other materials on-site, and distributed them to 15+ site workers as needed.
- Frequently lifted and transported materials over 50+ pounds, never resulting in injury.
- Collaborated with 20+ other site workers, effectively sharing machinery and boosting efficiency resulting in 94% of projects completed on time.
