CAREER OBJECTIVE

Career diesel mechanic with 13+ years of expertise. Looking for an opportunity to advance into deep sea diesel mechanic work with Float On, Orlando, where my knowledge base and work ethic would increase company efficiency.

WORK EXPERIENCE

Diesel Mechanic

Jack Cooper Transport

2019 - current / Atlanta, GA

- Restructured company filing system, utilizing GaragePlug to record labels and warranty information with 100% accuracy
- Collaborated with mechanics and technicians to ensure all vehicles were worked on within 2 hours of drop-off
- Overhauled 5+ diesel buses and/or trucks per shift
- Arrived at 90% of shifts early, achieving an efficiency rating of 150%
- Utilized high-tech equipment to perform diagnostics on diesel vehicles
- Handled 10+ types of difficult jobs, including farm equipment calls and total engine repairs

Diesel Mechanic

Penske

2009 - 2019 / Atlanta, GA

- Provided routine maintenance service for 50+ vehicles per shift
- Systematically evaluated vehicles, ensuring 100% of tools were in good condition before using
- Complied with 100+ legal standards for vehicle testing, emissions standards, and combustion control
- Ensured workspace was well-ventilated, and wore appropriate PPE, requiring 0 days off for work-related illness

Diesel Mechanic

Unico Truck Repair

2007 - 2009 / Atlanta, GA

- Conducted inspections on 8+ major areas, including brake pads, wheel bearings, and steering systems
- Crafted checklist system for all mechanics, ensuring no areas were overlooked when reviewing vehicles
- Maintained 99% positive customer reviews, providing house calls and roadside assistance for loyal customers
- Communicated with customers proactively, informing them of options and cost adjustments that would exceed their budget by 2%
