### CAREER OBJECTIVE

Motivated, critical-thinker passionate about serving the community looking for an opportunity to join ABC Police Department and demonstrate knowledge of law, public safety, government, communication and public service.

### WORK EXPERIENCE

#### Security Officer

PBS

2020 - current / Pittsburgh, PA

- Administered CPR and First Aid to members of the public during emergencies, accidents, and related incidents.
- Patrolled the premises 6 times per shift to identify any security breaches, reducing the level of theft and vandalism by 40%.
- Coordinated security meetings with supervisors 2 times a week and briefed them on the security status at the company.
- Worked closely with the local police department and other law enforcement agencies to improve security within the premises and identify suspects upon request, leading to recovery of \$100K in stolen merchandise.
- Trained new security officers on operating the facility's security equipment worth \$500K.

#### Landscape Worker

J&R Landscaping

2019 - 2020 / Pittsburgh, PA

- Operated a 22-lb walk-behind lawn mower, among other hi-tech lawn-mowing equipment 8 hours a day, 5 days a week.
- Lifted equipment of up to 60lbs on site and cleared debris every shift to maintain a clean environment for clients and community.
- Trimmed trees, shrubs and hedges, using chainsaws, pruners and other equipment, while maintaining best environmental preservation practices.
- Handled approximately 20 inbound calls daily at the company's headquarters during low seasons and 50 daily during high seasons.
- Reviewed plans to ensure all landscaping work was up to code and professionally done.
