WORK EXPERIENCE

Senior General Dentist

Flatlands Dental Care

2017 - current / San Francisco, CA

- Served more than 14 underprivileged patients per day, providing education, routine, and restorative care
- Coordinated 5 overseas trips to Uganda with 2 dentists and 4 hygienists to provide restorative care for 3 orphanages
- Participated yearly in 75+ hours of community initiatives to raise awareness of clinic's services, offer training to local businesses and organizations, and build relationships with locals
- Designed treatment plans in collaboration with hygienists, and kept meticulous patient records to evaluate oral health progression

General Dentist

Slimdental

2010 - 2017 / San Francisco, CA

- Administered routine dental and corrective care for 15-18 children per day who were between 12 months and 18 years of age
- Instructed children and parents on proper oral hygiene to instill healthy habits, resulting in 22% less cavities and 15% less gum disease since 2010
- Visited 32 area elementary schools, collaborating with hygienists and assistants to create an interactive training curriculum for students concerning flossing, brushing, and diet
- Fostered a comfortable environment to ease children's anxiety, and encouraged patients to ask questions and interact during appointments

General Dentist

Dentserv Dental Services

2008 - 2010 / San Francisco, CA

- Provided rotating dental care to 900+ residents across 5 nursing home and rehabilitation facilities
- Performed oral prophylaxis, and focused on restorative care in the way of extractions and implants
- Served as the on-call dentist 1-2 times per month on weekends for emergency treatments
- Created treatment plans, and communicated daily schedules, plans, and findings with hygienists and assistants
