WORK EXPERIENCE

Landscape Architect

Scape Studio

📅 2020 - current 📍 New York City, NY

- Employed ArcGIS for spatial data analysis and land use planning, achieving a 67% reduction in land use conflicts.
- Developed comprehensive design proposals using Vectorworks Landmark, which resulted in an 89% increase in project inquiries.
- Produced detailed design plans using AutoCAD, contributing to a 23% reduction in design iteration time.
- Leveraged Blender and 3ds Max to create immersive 3D visualizations for client presentations and secured 99% project approvals.

Landscape Designer

Terrain NYC

📅 2017 - 2020 📍 New York City, NY

- Used Autodesk Civil 3D to produce construction documents and collaborate with engineering teams, contributing to a 34% decrease in construction delays.
- Directed the design team in using SiteOps to streamline the site planning process, which achieved a 39% reduction in initial design time.
- Applied ArcGIS and QGIS for site analysis and enabled a 57% increase in site optimization and project sustainability.
- Collaborated with the project team to integrate PlantFactory and Land F/X into design workflows, leading to a 71% improvement in overall design cohesiveness.

Assistant Landscape Designer

Future Green Studio

📅 2014 - 2017 📍 Brooklyn, NY

- Created immersive virtual walkthroughs of proposed designs with Blender and 3ds Max, which resulted in an 89% increase in project approvals.
- Worked with clients and vendors using PlantFactory for plant selection and documentation, contributing to a 78% improvement in landscape longevity.
- Conducted site analysis and generated preliminary site designs using SiteOps, contributing to a 66% decrease in initial design time.
- Assisted in creating planting plans with a high level of accuracy through Land F/X, ensuring longevity in completed projects.

EDUCATION

Bachelor of Landscape Architecture

Cornell University

📅 2010 - 2014

📍 Ithaca, NY

SKILLS

- AutoCAD
- Vectorworks Landmark
- ArcGIS
- QGIS
- Blender
- 3ds Max
- Autodesk Civil 3D
- SiteOps
- Land F/X
- PlantFactory
