WORK EXPERIENCE

Management Accountant

Chevron Corporation

📅 2021 - current   📍 San Ramon, CA

- Led a cross-functional team to customize SAP ERP's fixed asset module, resulting in a 16% reduction in tax liabilities through optimized depreciation schedules.
- Incorporated Adaptive Insights to conduct sensitivity analysis on the company's revenue streams, supporting strategic adjustments that **boosted profit margins by 11%**.
- Oversaw Chevron's indirect cost allocation in Costpoint, resulting in a 14% decline in indirect cost leakage.
- Leveraged Certent for conducting variance analysis on the company's financial performance, slashing unexplained variances by 9% as per year-over-year comparisons.

Controller

Oracle Corporation

📅 2018 - 2021   📍 Redwood City, CA

- Administered a project to automate financial reporting processes using Tableau, minimizing manual data entry errors by 18%.
- Integrated Prophix's detailed planning and analysis features for Oracle's R&D projects, enhancing project budget tracking and lowering instances of overruns by 26%.
- Automated financial control testing with RSA Archer, identifying **$241,793 in potential savings**.
- Streamlined the invoice processing workflow through DocuWare, resulting in a 22% decrease in recorded transactional discrepancies.

Cost Accountant

Salesforce.com, Inc.

📅 2016 - 2018   📍 San Francisco, CA

- Developed a custom cost monitoring dashboard using ABC Solutions by SAP, providing real-time insights that led to a 7% cut down in overhead costs within the first year.
- Managed the capital expenditure budgeting, **overseeing a portfolio of $16M in assets** with a focus on maximizing ROI and supporting strategic company growth.
- Implemented Thomson Reuters ONESOURCE Indirect Tax for automating sales tax calculations and filings, saving 2.4 hours of manual workload.
- Collaborated with the marketing department to deploy a zero-based budgeting process, shrinking non-essential spending and reallocating $112,586 towards high-ROI projects.
