### WORK EXPERIENCE

#### Management Accountant Halliburton

2022 - current / Houston, TX

- Integrated NetSuite's Fixed Assets module, improving asset tracking and lowering depreciation errors by 28%.
- Collaborated with department heads to develop annual budgets using Centage Budget Maestro, achieving a 92% accuracy rate in budget projections.
- Resolved tax disputes using Wolters Kluwer CCH Axcess Tax, contributing to **\$642,177 in tax refunds and savings**.
- Leveraged SAP BusinessObjects spatial analytics to conduct geographical analysis of the sales data, finding new opportunities that drove a 13% surge in international sales.

#### Budget Analyst

Fluor Corporation

2019 - 2022 / Irving, TX

- Conducted budget variance analysis in Host Analytics, uncovering cost-saving opportunities that cut down project expenditures by \$18,974.
- Developed process improvement strategies based on insights from QPR ProcessAnalyzer, leading to a 21% decrease in budgeting errors and rework.
- Contributed to a Lean Six Sigma project to streamline the budget approval process, improving project start dates and **gaining \$1.2M+ additional revenue**.
- Introduced SharePoint for cost trend analysis methodologies, minimizing events of budget fluctuations by 37% and improving financial stability.

#### Assistant Accountant

PwC

2016 - 2019 / Dallas, TX

- Identified discrepancies in financial records with Acumatica, resulting in a 28% decline in billing errors and improving overall data accuracy.
- Automated the consolidation of financial data from 16 sources through Wdesk by Workiva, saving 110+ hours of consolidation time.
- Implemented process improvements in accounts receivable management, lowering DSO (Days Sales Outstanding) by 9 days.
- Analyzed transactional data for anomalies and irregularities using ACL GRC, **recovering \$38,574 in erroneous payments**.
