WORK EXPERIENCE

Middle School Teacher

Green Bay Area Public School District

2023 - current / Green Bay, WI

- Used a digital badge system to reward student progress, enabling 27% of students and parents to feel content with their growth as per annual feedback surveys.
- ***Reduced overall paper usage by 68%*** with the help of Canvas LMS to assign, collect, and provide feedback on weekly assignments.
- Leveraged Promethean ActivInspire to create interactive lessons, allowing 59% of students to retain information on tough topics.
- Hosted a school-wide Quizizz competition in Math for 4 grades, boosting student motivation and introducing all students to 38 different Math tricks for solving complex problems quickly.

Teaching Assistant

Milwaukee Public Schools

2020 - 2023 / Milwaukee, WI

- Assisted in adding Code.org to the curriculum, increasing student interest in computer science by 34% across 2 grades.
- Created interactive lessons using Merge Cube, enhancing hands-on learning experiences in science classes for 172 students.
- ***Managed communication with 39 parents*** via ClassDojo, providing them with constant updates during school hours.
- Helped the IT department resolve technical issues with Google Slides, lowering downtime occurrences by 19%.

Tutor

Sylvan Learning Center

2017 - 2020 / Madison, WI

- Shared interactive Adobe Spark Video projects, ***allowing 36% more students to interact during lessons*** and enhancing creative storytelling abilities among learners aged 8-14.
- Crafted custom quizzes on Quizlet which improved vocabulary retention in students by 29% among ESL students over 4 months.
- Held professional development workshops for other educators on using technology for teaching, leading to an 83% adoption rate of industry-specific tools across the Sylvan Learning Center.
- Led a collaborative project to create a history timeline for visualizing student progress, which was recognized as a best practice in the learning center.
