Work Experience

Sinai Hospital - Registered Nurse (RN)

2018 - current

Baltimore, MD

- Worked as a nurse in the ER of this Level 1 trauma center
- Communicated and collaborated with medical specialists throughout the hospital to ensure top of the line care for patients
- Triage patients as they entered the ER and expedited treatment for those patients that required immediate care
- Fostered a culture of thorough, detailed, and organized documentation to improve efficiency for healthcare providers when interacting with new patients
- Administered medications, injections, and IV treatments as needed
- Maintained an empathetic approach to patient care and readily answered any patient questions around their illness or care

Austin State Hospital - Registered Nurse (RN)

2014 - 2018

Austin, TX

- Collaborated closely with doctors on staff to clearly communicate patient care plans with patients and their families
- Oversaw a team of 3 registered nurses and 2 nursing aides
- Worked to instill a culture of open-communication with the most vulnerable patient populations to ensure positive patient-care outcomes
- Led community outreach programs to reduce the rate of drug overdoses through providing education on early warning signs of overdoses
- Trained new nurses in the ER on best practices for patient documentation
- Provided a full range of care from wound treatment to broken bone immobilization to the administration of medication for over 20 patients per shift in the emergency room
