CERTIFICATIONS

Registered Nurse (RN), WA
Basic Life Support (BLS), 2021
CPR (American Red Cross), 2021

CAREER OBJECTIVE

Licensed Registered Nurse (RN) excited to apply my comprehensive nursing education and hands-on experience to a full-time position in a Level-1 trauma center like Bellevue Hospital. A strong work ethic and empathetic touch have made me a valuable advocate for patients and their families.

WORK EXPERIENCE

Student Nurse Technician

Virginia Mason Hospital
2021 - current / Seattle, WA

- Assisted 32 patients with personal care, such as bathing (bed bath, tub, shower), oral hygiene, shaving, and hair care
- Delivered meals and snacks, feeding 22+ patients who were unable to feed themselves and documenting oral intake, including supplements
- Turned and positioned immobile patients 3 times per day while maintaining proper body alignment
- Removed peripheral IV's as directed by RN
- Transported patients to designated areas, such as 4 various treatment centers
- Answered 18 patient call lights and performed services that added to the patient's physical well-being
- Obtained vital signs, height, weight, and demographic data
- Assisted with urinary catheter removal, finger stick blood sugars, routine urine and stool specimen collection, ostomy care, emptying drainage receptacles/tubes, and bladder scans

Clinical Rotations

University of Washington
2020 - 2021 / Seattle, WA

- Implemented CPR during ICU rotation for patients who coded
- Assisted in triaging severity of patient conditions by performing 80% of medical assessments and taking patient vital signs
- Executed clinical rotations in ICU, Oncology, Neurology, Medical-Surgery, Pediatrics, and Geriatrics as part of nursing curriculum
- Collaborated with 8 nurses during rotations with an empathetic approach to building patient trust
- Learned 6 lab tests vital to the diagnosis and treatment of patient types in each ward
