WORK EXPERIENCE

Homeside Rehab

Assistant Physical Therapist

Denver, CO | 2020 - current

- Traveled with licensed physical therapists to 5+ patient homes per day, organizing checklists for necessary equipment at the start of each shift.
- Assisted patients in performing 10+ common types of physical therapy exercises, including strength, flexibility, balance and functional exercises, under the direction of a supervising PT.
- Helped develop goal setting plans and strategies to keep up with management plans, improving patients sense of agency in their health, reducing drop-out rates by 25%.
- Collaborated with staff, creating free physical health resources for community members and acquiring 20 new clients.
- Monitored patient progress, communicating with physical therapists when management plans required adjustments.

Theradynamics

Assistant Physical Therapist

Denver, CO | 2019 - 2020

- Provided patient discharge courses on maintenance and preventative self-care, resulting in a 12% drop in reoccurrence of dysfunction.
- Assisted physical therapists in 6+ diagnostic appointments per day, learning valuable skills about patient communication.
- Designed customized treatment plans under the careful supervision of physical therapists, receiving 8 perfect ratings on assistant evaluation surveys.
- Communicated effectively and bolstered relations between Theradynamics and 100+ external healthcare providers, including psychiatrists, pain management physicians, and orthopedists.

ClinEd Telehealth

Physical Therapist Intern

Denver, CO | 2017 - 2019

- Orchestrated pre-recorded video collaboration between 10+ staff members, generating high-resolution videos demonstrating proper exercise form, stretching routines, and self-massage for patients.
- Created equipment lists, providing clients with affordable options for necessary equipment when not covered by insurance.
- Provided free digital literacy trainings, improving access to physical therapy services in underserved communities by 30%.
- Generated 9+ customized treatment plans per day under the direction of a licensed physical therapist.
