EDUCATION

Master of Architecture

Massachusetts Institute of Technology

📅 2006 - 2008

📍 Cambridge, MA

Bachelor's Degree

Architecture

Massachusetts Institute of Technology

📅 2002 - 2006

📍 Cambridge, MA

SKILLS

- Autodesk Revit
- ArchiCAD
- Lumion
- Enscape
- Autodesk BIM 360
- Procore
- Grasshopper
- Dynamo
- ETABS
- SAP2000

WORK EXPERIENCE

Senior Architect

NBBJ

📅 2017 - current 📍 Boston, MA

- Employed Autodesk BIM 360 for streamlined collaboration among construction workers, contributing to a 28% improvement in project communication efficiency.
- Utilized Autodesk Revit to create accurate and detailed architectural designs, contributing to a **39% reduction in design iteration time**.
- Conducted client design reviews using Lumion to provide immersive visualizations and secured 99% client approvals.
- Applied Enscape for real-time design visualization, contributing to a 72% reduction in the number of design revisions required by clients.

Assistant Architect

Arrowstreet

📅 2012 - 2017 📍 Boston, MA

- Led a team in using Autodesk Revit for collaborative design development, achieving a 38% reduction in design errors.
- Used Autodesk BIM 360 for collaborative project management, which improved coordination among project stakeholders by 56%.
- Leveraged Grasshopper and Dynamo to explore parametric design options that **increased project adaptability by 78%**.
- Spearheaded the use of ETABS and SAP2000 for structural analysis, achieving an 87% increase in structural efficiency.

Architect Intern

Elkus Manfredi Architects

📅 2008 - 2012 📍 Boston, MA

- Implemented Lumion for dynamic rendering and visualization, resulting in a 63% improvement in client engagement during design presentations.
- Collaborated on project documentation using Autodesk Revit, increasing accuracy and consistency in construction documentation by 67%.
- Launched use of ETABS and SAP2000 for structural analysis, contributing to a holistic understanding of the design and construction process.
- Helped manage large-scale projects using ArchiCAD, effectively coordinating design changes and **achieving a 91% reduction in design approval timelines**.
