CAREER SUMMARY

Confident and team-oriented finance professional specializing in informative and persuasive professional presentations. Leveraging 9 years of progressive finance industry experience to increase ROI, improve finance processes, and provide clients with 5-star service.

WORK EXPERIENCE

Senior Financial Analyst

The Atlantic Group

October 2016 - current / Pittsburgh, PA

- Review statements and analyze revenues, costs, expenses, and tax rates for 26 client accounts, advising on short- and long-range ROI.
- Spearhead due diligence for a \$5.4B joint venture, identifying key risk factors and forecasting investment viability.
- Develop spreadsheets using SQL, Excel, Access, and proprietary finance systems to identify trends and develop forecasts.
- Lead 14 analysts and a project budget of \$225k+, resulting in a team satisfaction score of 89% and completion of 92% of projects on time.

Financial Analyst

Lightstone Group

December 2014 - October 2016 / Pittsburgh, PA

- Maintained and monitored spend analysis, developing an automated process that increased accuracy by 26%.
- Analyzed debt and in-depth market share and industry report that boosted market share by 14% and increased revenue by \$525K.
- Contributed to an 18% year-over-year growth by developing strategic guidance for leadership surrounding long-term goals.
- Provided models to aid in decision-making for product R&D, monetization strategies, third-party contracts, and ad hoc analyses.

Accountant

Bell and Company CPAs

September 2012 - December 2014 / Pittsburgh, PA

- Provided accounting support to 150+ clients with detailed accuracy.
- Ensured accurate data entry of accounts payable and timely processing of accounts payable checks, reducing error rate by 32%.
- Conducted business specific research for a pharmaceutical company, and made recommendations that were adopted by the client.
- Documented and evaluated risk exposures relating to client organization's governance, operations, and information systems.
