WORK EXPERIENCE

Speech Language Pathologist Intern

Northwell Health

2021 - current / Pittsburgh, PA

- Collaborated with patients and physicians to construct rehabilitation plans for adults aged 5-100 recovering from brain trauma or disease
- Generated session plans under pathologist supervision, including the use of 10+ tools such as stroboscopes and communication switches
- Evaluated patient progress, adjusting session plans as needed to promote an encouraging environment with 90% patient follow-through
- Analyzed articulation, voice and fluency impairments in acute care patients, providing management recommendations to 8+ care providers per patient

Speech Language Pathologist Intern

Yai Network

2019 - 2021 / Pittsburgh, PA

- Orchestrated care plans for students with 12+ learning disabilities/disorders, crafting unique session plans to meet their needs
- Encouraged sustained student effort by offering rewards and using positive reinforcement strategies, reducing average need for speech therapy by 6 months
- Communicated with 150+ parents each semester to provide feedback and suggestions for at-home exercises
- Integrated condition-specific App use to boost engagement, including Articulation Station and DAF Pro, resulting in a 20% increase in pace of skill learning
- Maintained 60+ speech therapy students at all times
- Assessed progress, reworking plans collaboratively with students as needed to improve session efficiency by 15%

Statistics Tutor

Chegg Tutors

2019 - 2019 / Pittsburgh, PA

- Formulated teaching materials for 35+ students learning AP Statistics to advanced collegiate statistics courses
- Brainstormed realistic academic and career goals with students, designing customized materials based on unique student interest
- Designed lesson plans to empower students, giving students the opportunity to dive deeper into understanding complex material, boosting motivation and lesson preparation by 75%

- Identified weaknesses in material grasp, addressing knowledge gaps to improve test scores by 30% on average
