WORK EXPERIENCE

Transportation Security Officer

Covenant Security Services

2021 - current / Louisville, KY

- Operated Hikvision DS-2CD2142FWD-I for surveillance purposes, ensuring 24/7 coverage of critical airport zones and **reducing security breaches by 33%**.
- Utilized Motorola APX 8000XE for efficient communication among team members, which led to a 24% improvement in response times to security threats.
- Conducted regular security audits, resulting in a 17% reduction in protocol violations and improving overall security standards.
- Trained 24+ new officers on security protocols, achieving a 97% competency rate within the first month of their on-the-job training.

Security Screener

Brink's Incorporated

2018 - 2021 / Louisville, KY

- Operated the Smiths Detection HI-SCAN 6040aTiX to scan carry-on baggage, accurately detecting prohibited items.
- Supported the implementation of a new security protocol that reduced screening time by an average of 18%.
- Reported any malfunctions promptly, and **ensuring 96% uptime for all screening equipment**.
- Used the Morpho Detection Itemiser DX for trace detection, identifying substances of concern on more than 421 occasions.

Security Guard

KentuckyOne Health

2015 - 2018 / Louisville, KY

- Reduced security breaches by 47% over a span of 3 months by implementing rigorous access control measures using the HID Global Access Control System.
- Improved response time to security threats by 32% through the introduction of an efficient incident reporting system.
- Spearheaded a team that achieved a 98% compliance rate with all security protocols, the highest in the facility's history.
- Oversaw implementation of 24/7 video surveillance systems, resulting in a **44% decrease in vandalism incidents**.
